

Aviel Cohanian

Full Stack | Frontend Web Developer

Tel: 050-3431443 • Email: avielcohanian@gmail.com • LinkedIn: www.linkedin.com/in/aviel-cohanian

Summary

I am a full Stack Web Developer, graduated from Coding academy. I have experience in writing single-page-applications using the latest WEB technologies such as Vue.js, React.js, Angular, JavaScript (ES5, Es6) ...

I enjoy reflecting on problems and paradoxes. Hard worker, passionate about solving challenges, focusing on problem solving and detailed orientation, self-learner, team player with strong communication skills.

Checkout my final project at Coding Academy: [Trelux](#) , inspired by Trello. You can see more projects in my [Github](#).

Tech skills:

- ♦ Programming in modern JavaScript (ES5, ES6), building a full scale web app.
- ♦ JS Frameworks and state Management: **Vue**(Vuex), **Angular**(Ngrx), **React**(Hooks, Redux).
- ♦ Building multi Page Applications.
- ♦ **HTML5**, **CSS3** and **SASS**, From Photoshop to a live page, Responsive design and “mobile first”.
- ♦ Bootstrap and jQuery.
- ♦ Server side, **APIs** and REST with **Node.JS**, **Firebase**.
- ♦ Database management with MongoDB and SQL.

Personal-Projects (build outside of my studies in the bootcamp):

- ♦ Spotifo: inspired by the great Spotify, Spotifo was build with ReactJs (Hooks) & Node.js. Link: [Spotifo](#)
- ♦ Portfolio: Build with Vue.js(routes, scss, font-awesome...) Link: [Portfolio](#)
- ♦ MisterBitcoin: Build with ReactJs (Hooks) & Firebase Link: [MisterBit](#)

Professional Experience:

Combat Solider, Classified Unit in the Air Force, (Rank: Staff Sergeant), IDF|

2018 – 2021

- ♦ Making important decisions under pressure .
